### ABOUT ME

Enthusiastic and motivated Front-End Developer with a strong foundation in web development technologies and a passion for creating visually appealing and user-friendly interfaces. Recent graduate with a degree in Computer Science, showcasing proficiency in HTML, CSS, and JavaScript. Dedicated to learning and staying updated with the latest industry trends and best practices. Excited to contribute creativity and problem-solving skills to a dynamic team, while actively seeking opportunities to grow and excel in the field of front-end development.

### Work Experience ( 6 Months )

#### **Project : Matrimony**

**Technologies used:** React JS , TailWindCss, ReactRouter

**Description:** Designed and developed a Matrimony platform utilising React, React Router, and TailwindCSS, ensuring a modern and intuitive user interface. Integrated advanced features such as user profile management, dynamic routing for enhanced navigation, and visually appealing styling for an engaging user experience. Leveraged React Router for efficient page transitions and TailwindCSS for rapid prototyping and responsive design. Contributed to creating a sophisticated yet user-friendly solution for matchmaking services.

#### **Project : Company's Website**

**Technologies used:** React JS, TailwindCSS & ReactRouter

**Description:** Successfully spearheaded the development of my previous company's website using ReactJS, Frame Motion for animations, and TailwindCSS for styling, ensuring seamless mobile responsiveness. Leveraged ReactRouter for efficient navigation and user experience optimization. Employed cutting-edge technologies to enhance the website's visual appeal and functionality, resulting in increased user engagement and satisfaction.

#### **Project : Movies , Aaharamadhyapan**

**Technologies used:** React JS, CSS & Mock Api

**Description:** Developed a movie rating webpage using reactjs with mockapi. We can create, delete, update the movie content, watch the trailer and like/dislike the movies

**Description:** Developed a static web page for a non-profit organisation (<https://aaharamadhyapana.org/index.php>)

#### **Graphic Design**

Works on Video Editing, Logo designing, UI/UX, Photoshop, Illustrator, Flyers, Banners, Posters, ID card designing, animation
